Welcome

Ryde-Parramatta Golf Club is a premier private members' club centrally located only 10 minutes from the heart of Parramatta and 20 minutes from the Sydney CBD.

The Club's impressive 18-hole championship course, which in recent years was redesigned by renowned course architect Ross Watson, continues to offer an invigorating test of golf for all golfers with an emphasis placed upon strategy and precision.

As well as offering a full golfing calendar for our Members, the Club hosts a number of important and prestigious events each year, including the Australian Open pre-qualifying and its award-winning Pro-Am.

Members have numerous practice facilities available for their use, including a 19th hole for honing the short game, a practice fairway and an immaculate putting green to be found next to the Clubhouse.

Our Golf Services team offers game improvement lessons and a fully-stocked Golf Shop complete an exceptional all-round golfing experience. We are a family-friendly Club that takes pride in the development of junior golfers.

The Clubhouse offers a relaxed atmosphere with picturesque views to our friendly and thriving membership and makes a wonderful venue for weddings, other special occasions and corporate meetings.

The Club's bistro is open for lunch from Wednesday to Sunday and for evening dining on Fridays.

Ryde-Parramatta Golf Club provides a perfect environment to forge new friendships and the camaraderie amongst our members is a distinguishing feature of our Clubhouse ambience.

If you are looking for somewhere to play golf, have a corporate golf day, celebrate a special occasion or just have a great day with your friends, then you need look no further. A warm welcome is assured.

The Course

The focus of Ryde-Parramatta Golf Club is to provide an outstandingly presented golf course and facilities for the enjoyment of our members, guests and clients.

The course has been designed to set new standards in visual and golfing excellence. Australian eucalypts, grevilleas and banksias line the gently undulating fairways and are a natural sanctuary to a myriad of native Australian birds.

Large, gently sloping bent grass greens allow for multiple pin placements, whilst the championship tees are strategically positioned to test individual skill levels.

The course has stood the test of time superbly and benefited greatly in recent years from the multi-million dollar redevelopment masterminded by Ross Watson, one of Australia's best-known course designers.

A par-71 layout with an Australian Course Rating of 72, the course has hosted many prestigious events, including the NSW Open Championship and pre-qualifying for the Emirates Australian Open.

Commonly described a "thinking golfer's course", this is a layout that rewards the player who thinks strategically and is then able to execute their chosen shot over the one who automatically reaches for driver off the tee on anything but the par-3s.

Archer Creek meanders its way through the course and comes into play on 14 holes, providing a challenge to all players.

Whilst a key part of the course design, the creek also maintains our significant water supply, via multiple on-site dams. This access to water, allied to the work of our superintendent and his dedicated team, are two key reasons why the layout at Ryde-Parramatta Golf Club draws so many favourable reviews.

Becoming a Member

There is no better way to enjoy one of Sydney's most highly-regarded and historic courses than by becoming a member, which brings with it a range of benefits including priority tee times.

Ryde-Parramatta Golf Club is a private members' club. It's exclusive, but in a good way, with members having more access to convenient tee times of their choosing.

Seven-day memberships are available for men and women and are by far the most popular choice, but a variety of other memberships are available to cater for most lifestyles. These include Six-day (Sunday to Friday), Five-day (Monday to Friday) and Two-day (Monday and Tuesday) memberships.

Ryde-Parramatta offers excellent value for membership investment and compares very favourably with other quality golf clubs in Sydney. Flexible payment options are available for the entrance fee and annual subscription.

There are also a range of options for golfers under the age of 35 that allows affordable entry to a premium private golf club.

Those unsure about the financial commitment of Club membership should consider initially becoming a Full Social Playing Member. Full Social Playing Members can enjoy social golf and also benefit from a Golf Australia handicap that enables them to enter and play in our Friday Open competition. With this option you pay a lower annual fee. Having decided that Ryde-Parramatta is the Club for you there is the opportunity to upgrade.

Playing membership is maintained at a conservative level to ensure all Members have ample opportunity to play on the course and the Board are conscious of making the course accessible and not over-subscribing membership.

Members can also chart their continual improvement by gaining a Golf Australia handicap, recognised at golf clubs worldwide and make their bookings either in person in the Golf Shop, by phone, or online through the members-only section of the Club website.

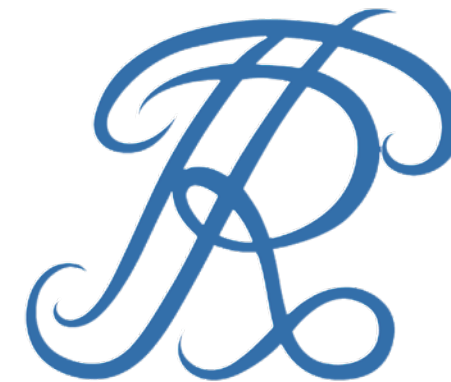

Whilst Ryde-Parramatta has a proud history and offers excellent facilities, it is the sense of community within the membership which makes it the golf club of choice for many from the northern suburbs and inner-west through to areas surrounding the course proper.

We would love to arrange a round or to provide a brief tour of the course. Please call (02) 9874 1204 to arrange a suitable time to meet with our General Manager. Having seen all we have to offer we are confident you will become a member of this great Club.

All membership categories and current annual subscription and entrance fees may be viewed on the Club website, which also carries an application form and a prospective membership pack, both of which can be downloaded.

Get your sight ready for the green at Specsavers North Rocks

Since opening its doors eight years ago, Specsavers North Rocks has provided its customers with exceptional customer service, administering nearly 39,000 eye tests and over 55,000 pairs of glasses and prescription sunglasses.

Co-owners Optometrist Nishita Shah and Dispenser Ben Casement are continuing this legacy, with over 15 years in optometry between them.

Nishita worked for Specsavers in the UK before relocating to Australia to join the North Rocks team three years ago, with Ben joining this February after previously having working at the Stanhope Gardens and Hunter Street stores.

The whole team is encouraging the community to prioritise health and proactively schedule necessary health checks, including an eye test, as part of a 'health warrant of fitness'.

A recent survey commissioned by Specsavers has revealed that despite almost nine in ten Australians 35 years and older rating sight as the most important sense, just 64% have their eyes tested every two years or more often. Nishita stresses the importance of regular testing, saying "It's essential to have your eyes tested every two years to track any changes in eye health that may be occurring, even if you aren't concerned about any changes in vision or don't wear glasses".

"A Specsavers comprehensive eye test is bulk-billed and includes free Digital Retinal Photography. It can provide insight into other health issues including blood pressure and

diabetes on top of sight-related conditions" adds Ben.

Specsavers North Rocks offers locals more than 1,000 frames and stocks many types of contact lenses. Bringing value to the eye wear market, Specsavers offers '2 pairs of glasses for 1 low price' on all glasses \$149 and above, with designer ranges starting at two pairs from \$199. With high quality, standard single vision lenses always included in the price. 'At Specsavers, you can buy two pairs of glasses for one low price, so we often encourage customers to get a pair of glasses and a pair of prescription sunglasses. This way, they will have great vision no matter the situation', says Nishita.

For those planning on spending long days out on the green, polarising is a great option. 'Polarising your sunglasses gives superior vision in bright light by eliminating 99.9% of horizontal glare and filtering 100% of UV light' says Ben.

Through the Specsavers Community Program which donates a portion of every glasses sale to charity, Specsavers North Rocks has raised over \$4,400 for the Royal Institute of Deaf and Blind Children and over \$2,100 for The Fred Hollows Foundation, which focuses on treating and preventing blindness in Australia and Asia Pacific.

To arrange an eye test, book online at www.specsavers.com.au/stores/northrocks, call (02) 9871 1177 or visit the store at Shop 36 North Rocks Shopping Centre, 328 -336 North Rocks Road.

As a sponsor of Ryde Parramatta Golf Club, we exclusively offer 20% off for Podiatry and Biomechanical Assessment and Golf Orthoses.

Don't let your feet drag down your golf performance!

Our feet play a significant role in golf performance and they are the foundation of our entire body. They make the first contact to the ground and stabilise our body firmly on the game field. Unhealthy feet or poor biomechanics (how body moves) can lead to:

- Shorter ball flight distance caused by unstable base of support and slow acceleration during down swing
- Sore feet, knees or lower back issues due to incorrect use of muscles and joints
- Fatigue on feet and legs that may slow down your game.

Foot Solutions specialise in Biomechanical assessment and Custom-made Foot Orthoses. Our Board Registered Podiatrists are foot health experts who can help you:

- Improve your balance
- Improve your gait (walking pattern)
- Improve relative club head velocity/speed (longer ball flight distance)
- Reduce your fatigue or pain on feet, legs and lower back
- Effectively rehabilitate your foot and leg injuries.

Golf Performance Tuition

Ryde-Parramatta Golf Club has a wonderful highly-rated championship course; wouldn't it be nice to have a golf game to match and to be able to enjoy this layout to the full?

Help is close at hand - simply book a lesson with the club's PGA-qualified and certified Teaching Professionals and transform your game.

You could admire the beauty of the course's flora and fauna and water features from the centre of the fairway instead of up close and personal and a visit to the greenside traps might no longer be a thing to fear. In fact, with a lesson and a bit of practice you might even add the words "sand save" to your golfing vocabulary.

Lessons are available to improve every area of a golfer's game. For the better golfer, on-course playing lessons are available, covering among other things game management and mental skills and offering an invaluable insight into how a Professional thinks.

Focus is given to the fundamentals, with clear communication and concise instruction helping to achieve the desired results. Instructors have access to ball tracking and launch monitor technology to provide exact information to finely tune your swing.

Coaching is of little benefit unless the golfer has access to the practice facilities needed to work on new techniques and here again Ryde-Parramatta Golf Club scores highly.

With a 19th hole, practice fairway, excellent practice putting green and other game improvement areas, there is everything on hand for the keen golfer with the time and dedication to work on their game to realise their maximum golfing potential.

Pop into the Golf Shop or call (02) 9874 1204 to find out how you can transform your game.

Juniors

Ryde-Parramatta Golf Club is proud of the part it plays in developing the next generation of golfers. We are a family Club and an important part of the focus on everything we do here is fostering an all-inclusive environment which is welcoming to everyone.

Parents looking to introduce their children to golf really could not choose a better club. Ryde-Parramatta runs a junior golf development program aimed at introducing children aged between 5 and 16 to the game in a fun, relaxed and interactive environment.

All sessions are conducted by our Professional staff, who are fully-qualified and certified PGA members.

The term program covers all practical areas of golf from putting, chipping, pitching and full swing, as well as the basics of learning the game of golf.

The next step as junior golfers reach a level of proficiency where they can play Club competitions, is to become a junior member.

More advanced junior golfers are invited to play in our junior Inter-club and pennant competitions. These are for juniors with varying degrees of skill, and introduce juniors to match play competition that is an exciting and challenging format.
